# About IQC

1

Innovating how  
**learning**  
**achievements** are  
**verified** and **valued**

2

Developers of  
**C-Box<sup>®</sup>**, a certified  
**Open Badges 3.0**  
platform.

3

committed to  
fostering  
**transparency**,  
**interoperability**, and  
**recognition of skills**  
across education  
and employment  
ecosystems

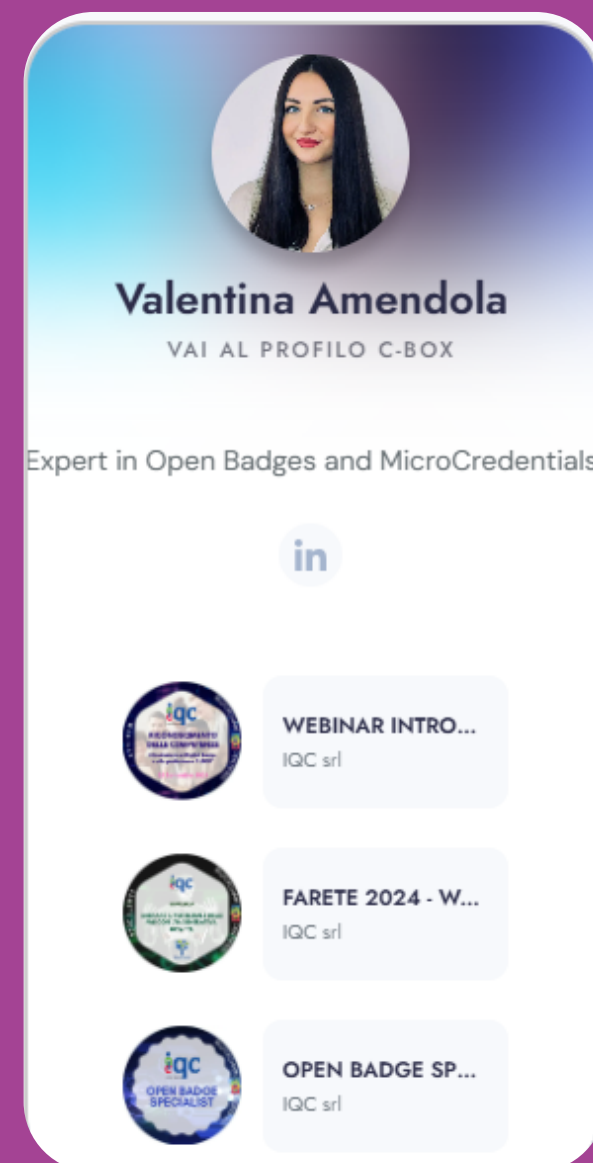

# About C-Box

- ✔ A certified Open Badges 3.0 platform aligned with 1EdTech standards.
- ✔ Enables organizations, companies, and institutions to create, issue, and manage verifiable digital credentials.
- ✔ Supports formal, non-formal, and informal learning recognition.
- ✔ Designed to enhance learner agency, employability, and visibility

# Showcase Focus

C-Box empowers learners beyond credential issuance.

Discover two key features in action!

Digital Skills Profile

Personal Backpack

# THE DIGITAL SKILLS PROFILE

1

A **dynamic, customizable profile** integrating earned Open Badges

2

**Multiple templates** and **graphic layouts** available

3

Learners can decide **which badges to display** and **how to describe them**

4

Profiles tailored for: **Employment & networking** – **Academic applications** – **Events & conferences**

5

Easy sharing via **social media, email,** and **messaging.**

# THE C-BOX PERSONAL BACKPACK

A **secure, interoperable wallet** for all digital credentials

Allows **import of badges** from other 1EdTech-certified platforms

**Organizes achievements chronologically**, representing the **learner's journey**

Promotes **lifelong learning** and cross-platform **interoperability**

# SECURITY AND VERIFICATION

every badge issued through C-Box is **tamper-proof**

Protected by Blockchain technology ensuring **authenticity** and **immutability**

**NFT-ready** badges, offering: **User-controlled ownership**

Reinforces **trust** and **transparency** in the digital credential ecosystem

# TO WRAP UP

## With C-Box, Learners Can...

### **Take control and stand out.**

choose how, where, and when to showcase verified skills through fully customizable Digital Skills Profiles.

### **Keep everything connected.**

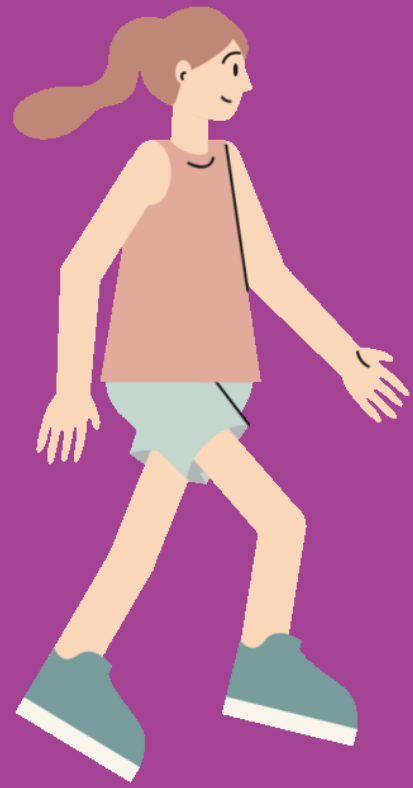

collect, store, and manage all Open Badges from any 1EdTech-certified platform in one interoperable Personal Backpack.

### **Trust every achievement.**

Blockchain verification ensures authenticity, transparency, and lifelong accessibility to every credential

### **Turn learning into opportunity.**

bridge education, employability, and recognition by transforming verified skills into real career value.

# WHAT'S NEXT FOR C-BOX

- We continuously evolve C-Box based on the real needs of learners, companies, and training institutions.
- Our next developments focus on **creating an environment that helps learners fully leverage their Open Badges.**
- We will support them in building rich, up-to-date **Digital Skills Profiles aligned with the skills most in demand in the labor market.**
- This means **greater visibility for learners** and **better talent matching** for organizations, turning every badge into real career value.

# THANK YOU FOR JOINING THE SHOWCASE
